

MUHAMMAD RAHIM

Computer Science Graduate

www.linkedin.com/in/muhammad-rahim07 | 03703922868 | Phase8,Karachi

SUMMARY

Computer Science graduate specializing in data analytics and full-stack development. Proficient in R, Python, Machine learning, Deep learning and SQL. Adept at creating automated data pipelines, insightful visualizations, and scalable web apps. Driven to transform complex problems into intuitive, high-impact solutions.

WORK EXPERIENCE

Data Analyst, AMRDO Pakistan **Mar 2023 – Feb 2025**

- Collected, cleaned, and analyzed large datasets to uncover trends and insights that supported strategic decision-making.
- Developed interactive dashboards and reports using tools like Excel, Power BI, and SQL to monitor KPIs and project performance.
- Automated recurring data processes to improve operational efficiency and reduce reporting time.
- Collaborated with cross-functional teams to identify data needs, design custom reports, and provide actionable insights.
- Conducted ad-hoc analysis and prepared data visualizations for senior leadership to guide business strategies.

EDUCATION

Bachelor of Computer Sciences **Aug 2019 – Aug 2024**

Shaheed Zulfiqar Ali Bhutto Institute of Science & Technology (SZABIST)

- Major in Data Science & AI
- Final CGPA: 2.76

KEY SKILLS

- Data Science.
- Machine Learning.
- Deep Neural Networks.
- Computer Vision.
- Data Analytics.
- Web Development (Full Stack and MERN Stack).
- Flutter Applications.
- Python, SQL, PHP, Node.js, HTML, and CSS.
- Google ARCore.

CERTIFICATIONS

- Google Advanced Data Analytics Specialization.
- Machine Learning Specialization.
- Introduction to Augmented Reality and ARCore.
- Data Science Internship (Remote).
- English for Effective Business Communications.
